

FES20

FSH E/STRIKE FES20 12/24v PTL/PTO NON MONITORED

Description

The FES20 series electric strikes are designed for use with all access control systems. The FES20 series now come with a 10 mm strike lip as standard, to prevent possible personal injury and damage to clothing as with the 15 mm lip. A 5 mm lip extension is included with the strike if needed. Fail safe/fail secure is changeable on site. Suitable for use on hinged doors to work with a extensive range of locks. Successfully fire rated up to 4hrs on fire door assemblies in accordance with AS/NZS 1905, Part 1-1997 and BS 476: Part 22-1987 (Fire resistant door sets).
